

When extreme performance is your only option.

W1 5/7mm

reddot design award
best of the best

THE GRAND AWARD OF DESIGN
BY THE ASSOCIATION OF SWEDISH ENGINEERING INDUSTRIES

THE LEGEND

Building on over 25 years of experience in the design and manufacturing of extreme exposure products, Waterproof set out to redefine the future wetsuit concept.

A front-zip, innovative wetsuit with new materials and technical features to set it apart from the competition.

The W1 is available in 5mm and 7mm models for both females and males. The suit features a new 3-D anatomical front-zip design, revolutionary I-Span stretch nylon, Neck Water Dam, and several other key specifications.

Launched in Europe the W1 immediately realized success by winning the Red Dot Design Award. 2010 the W1 suit was awarded the Grand Award of Design.

- Gender Specific Design – Different patterns for man and lady provides comfortable lift and support.
- 3D Sculpted Suit - With pre-bent arms and legs for maximum anatomical fit.
- I-Span outer lining. More stretch and durability.
- Hi-Dense Microcell CR Neoprene.
- Front zipper YKK #10 Vision Zipper. Rated best quality zipper. A stop function prevents the slider from getting stuck.
- WaterDam - Finally a working concept for hindering the water streaming down your neck and spine when moving your head.
- Generous double seals made from glide skin neoprene with zipper at arms and legs.
- MOP - Multi Optional Platform. A unique gadget that holds Waterproof series of micro back-up gauges.
- Computer Strap Anchor - To prevent the computer from slipping off your arm.
- SpinePad - 11mm thick and countered designed SpinePad features additional protection to kidney and spine areas. Inside has place for personal marking of the suit.
- Kneepads - 3D moulded vulcanized rubber kneepads. With the "hinge effect". Mounted on DuraTex fabric.
- ZipperSeal with open cell neoprene on both sides of zipper for an ultimate dry seal.

W1 5/7mm

FEATURES AND DETAILS

WATERDAM
Finally a working concept for hindering the water streaming down your neck and spine when moving your head. This WaterDam concept is unique for Waterproof.

DOUBLE SEALS
Generous double seals made from glide skin neoprene with zipper at arms and legs. YKK #10 Vision zipper features a TA slider with an anti slip designed ZipGrip.

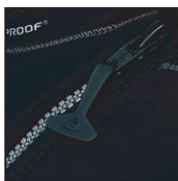

SIDE ZIPPER
The opening is positioned at the side of neck to enhance comfort and flexibility for the neck.

3D SCULPTED SUIT
With pre-bent arms and legs for maximum anatomical fit.

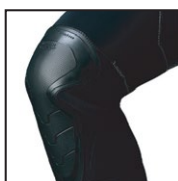

EMBOSSSED ELBOW
Embossed elbow protection with ToughTex abrasion resistance.

ZIPPER PULLER
Very good grip, with or without gloves, to open and close the YKK #10 zipper. The flat design makes it disappear when you don't use it.

MULTI OPTIONAL PLATFORM
Multi Optional Platform. A unique gadget that holds Waterproof series of micro back-up gauges.

KNEEPAD
3D moulded vulcanized rubber kneepads. Note the unique design that enables unrestricted leg movements via the "hinge effect".

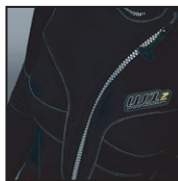

WAVE FLEX PANEL
In hollow of arms and legs.

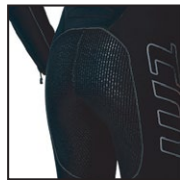

NECKTAB HOLDER
The NeckTab attach to the knob holder to keep tab in place in surface mode.

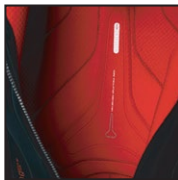

FORM MOULDED FASTENER TAB
Quality is in all the details. New moulded TPU teeth, sticks only to the assigned loop neoprene panel.

GENDER SPECIFIC STYLING
Provides comfortable lift and support.

A SEAT THAT GRIPS
Polyurethane embossing in the back provides a non-slip grip and integrated abrasion protection.

SPINEPAD
11mm thick and countered designed SpinePad features additional protection to kidney and spine areas. Inside has place for personal marking of the suit.

COMPUTER STRAP ANCHOR
To prevent the computer from slipping off your arm when gloves are removed or suit is compressed. The antislip surface makes the computer to stay in place.

ZIPPER SEAL
Open cell and closed cell neoprene on opposite sides of the zipper for an ultimate dry seal.

HIGH VISIBILITY
Reflective logo on the neck.

ACCESSORIES

W-Series Overvest
A vest that combines 5mm of superior grade neoprene with our special knitted lining and features our HAVS hood technology. This anatomical shaped frontzip vest is designed to blend and compliment our wetsuits or to be used as a separate shorty. The WPAD™ is a soft artfully constructed docking station located on the right thigh used for attaching our expandable pocket. Available with or without Hood.

U1 Undervest
Waterproof coupled an anatomically sculpted 2 mm under vest to our trend setting next generation H1 hood with HAVS technology.

**G1 5mm 5-finger
G1 5mm 3-finger
G1 7mm 3-finger Semidry**

- 3-D shaped
- Glideskin seal
- Pre bent fingers
- Extra long YKK zipper
- Palm Antislip grip
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread
- Long zipper puller

**H1 Hood 3/5mm
H1 Hood 5/7mm**

- 3-D shaped
- Glideskin seal
- HAVS system (double vents)
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread

B1 Boots
Tough 6.5 mm semi-dry boots with an extra long zipper for easy donning. The heels and toes are strengthened and the boot has an angled design for less stress while finning.
